Introduction to Microsoft Copilot

Applications of Copilot in the Workplace

Copilot Best Practices, Ethics and Regulatory Implications

May 22, 2025

Akshat Dahiya

has successfully completed the online, non-credit Specialization

Microsoft Copilot: Your Everyday AI Companion

This Specialization dives deep into Microsoft Copilot, its capabilities, and its transformative impact on the modern workplace. Learners will gain a comprehensive understanding of Copilot's applications across various functions, including security, marketing, sales, and customer service. The program covers prompt engineering, ethical considerations, and regulatory implications, equipping participants to leverage Copilot responsibly and effectively. Upon completion, learners will be proficient in optimizing Copilot for enhanced productivity, streamlining workflows, and driving innovation within their organizations.
